Experiences of Air Officer B. Fletcher Told Kiwanians

High Praise Is Given To Carrier Based Plane Pilots

A thrilling account of his experiences on a U. S. carrier as air combat intelligence officer was told to Kiwanis club Tuesday evening by Lt. Ferdinand Fletcher son of Sen. Ed Fletcher of San Diego. His subject was a "Tour Oboard the Fighting Lady." He said in part:

"We traveled 40,000 miles from Pearl Harbor in the five months previous to March 2, 1945," he said. "We took part in the battle of the Philippine sea which battle broke the sea back of the Jap Navy.

"I have nothing but praise for the Filipino guerillas. They saved hundreds of our pilots on both sea and land.

"About the most thrilling of my experiences was with our task force while cruising in the China sea, and particularly in getting out of that sea.

"Our task force also provided air support for several of the famous landings on Jap held islands, including Iwo Jima. In one of these operations we brought down 91 Jap planes without the loss of a single plane of ours.

"While I have nothing but praise for our land based planes, it is to the pilots of the carrier based planes that I take off my hat."

Homer Gravelle, who also had war experience in the west Pacific, was the program chairman.

Visiting Kiwanians were Dr. I. L. Furnas and Bill Gilmore of the La Jolla club and Joe Foss of El Centro. Other visitors included Ross Clark of the Canadian Navy, a guest of Lloyd Greeson; Leonard Godwin, a guest of Harry Masters; Earl Yost, a guest of Earl Shaw; Jack Shoemaker, a guest of Capt. Burritt Mills and Clyde Tallman, a guest of Gravelle.

Dr. W. B. Oster of the attendance committee presented pins to Harry Masters and to Forrest Whedon for perfect attendance for one year.

Ocean Beach Man Reported Killed In Action May 23

Sgt. Ralph James, 34, of 4620 Niagara Ave. was reported this week by the war department as having been killed in action on Okinawa. His widow received the telegram Monday.

James had been in the army two years and had been overseas for 18 months. He was trained at Camp Fannin, Texas. He was with the 106th Inf. of the Tenth Army on Okinawa.

Left to mourn are his widow and one daughter, Sherrin, 2½ years old. The couple were married in 1936 and had lived in Ocean Beach for four years. James had been employed by the Richfield Oil Co. for about 10 years, mostly in town. Since moving to Ocean Beach he had been driving a Richfield truck delivering the Richfield products to local dealers. Ralph's favorite sport was bowling.

Mrs. Carlson Seeks Information About Her Missing Son

Mrs. Helen Carlson of Ocean Beach is trying desperately to get further information of her son, Pfc. Wallace B. Carlson, 19, of Co. E, 18th Inf. APO No. 1, care of postmaster, New York City, who has been missing in action in Germany since April 14 this year. Wire notifying her that he was missing came April 30 but she has not heard a word since. Wallace had lived here since he was four years old. He has been overseas since November last. His company was in the First division of the First Army in Europe.

Mrs. Carlson hopes that there might be other Ocean Beach infantrymen in the same company so she asks that if anyone knows them to kindly communicate with her by phoning B-3988 or writing Mrs. Carlson's mother, Mrs. F. L. Pitt, 4643 Voltaire St. as soon as possible.

Wallace wrote her that there was another Ocean Beach boy who had lived in the 4900 block on Del Monte or Del Mar for five years who was in the same company, but her efforts thus far to locate relatives here of this other boy have been fruitless. Wallace had neglected to give his name in his last letter of April 6 but said this boy had worked with him at Convair before going into the army.

C of C Approves By-Laws Changes At Tuesday Meet

Power Of Directors And Annual Dues Increased

Approval of several changes in the by-laws of the organization was the main action taken at the July meeting of the Chamber of the Chamber of Commerce, held at the Woman's clubhouse Tuesday evening.

Limiting of discussion and the giving of increased power to the directors, both with the idea of allowing more time for interesting programs at the regular membership meetings, and an increase of the annual dues for active members were principal changes made. Increase of dues is with the idea of looking forward to possible opening of an office for the organization here in order that it can be of further use to the Ocean Beach community.

Dues for active members is set at $15 a year and for associate $5 a year.

The changes, which had been previously approved by the directors, were prepared by the special committee on reorganization and coordination, consisting of Forest Whedon, Rollin E. Reed and Wm. Don Thomson.

At the last directors meeting, resignation of Harry Masters who also is secretary of the Kiwanis club, was accepted and Forest Whedon was named to fill the vacancy.

He also has been selected on several interim committees including those on health measures, aviation and un-American activities. These will keep him out of town a good deal until the next legislature meets, he says.

At Coquille, Ore., enroute home the Krafts visited Mrs. Kraft's father and brother.

Operations At Local Factory To Increase Soon

Rex Taylor Will Be General Manager Of Concern

Considerable expansion in the operations of manufacturing the famous Cord piston ring are due for early this fall, now that the chances for getting the steel are improving, James "Slim" Chambers, shop manager of the firm reported Tuesday.

Coincident with the plans for expansion of Wm. Cord of Ocean Beach, the organizer and head of the firm, which already has established a world-wide as well as national clientele, is the company's sale of a part interest to Rex Taylor, an engineer who for several years was superintendent of transportation and purchasing agent for the Yellow Cab company of Los Angeles. For the past three years he has been employed as an engineer in the efficiency department for the Army, from which position he has been released. He had held the rank of major.

Though more or less marking time during these war years, the Ocean Beach factory has been turning out piston rings and filling orders from various parts of the country since it re-opened around a year ago after a shutdown on account of war conditions. In the meantime the making of new tooling machines to be used in the expanded operations has been one of the duties of the shop manager.

Inside of another year the firm hopes to be using eight or 10 shopmen here in the Ocean Beach factory, reports Mr. Chambers.

The company, known as the Cord Piston Ring Manufacturing Co., bears the name of the founder, Wm. Cord, who within the past 10 days has become a resident of Ocean Beach. He recently moved from Browning St. to 4844 Coronado Ave. Location of the shop and office of the company for several years has been in the Kraft building on Bacon St. near Newport Ave.

Navy after 32 months of duty with electrical instruments at the Naval Repair Base in San Diego.

Previous to entering the Navy he had been in Los Angeles in a jewelry store for several years, and before that had been a railroad watch inspector at Houston, Texas.

Believes War Will End First Of Year

In a letter written to Capt. Burritt S. Mills, Yoeman 1/c Taylor Wright states that he is now stationed in the Philippine Islands. As he expresses it, "This island paradise has flies, mosquitos, heat, mud and all that goes with it." He writes further that now that the scene of action has been growing nearer he is working harder than ever and his day runs from about eight in the morning until ten in the night. He states, however, that he does not think it will be too long, as from the way things look out there it is possible this war may be over around the first of the year.

Before entering the service, Wright was manager of the Strand Theatre and president of the Ocean Beach Kiwanis club and active in all local civic enterprises.

Mrs. Barbara Robins and three children, her sister Miss Mary Kraul and her cousin Miss Ella Constable, all from Mentone, Calif., are visiting this week at the home of Mrs. Mary Penney, 4955 Saratoga Ave. Mrs. Robbins' husband, who is in the Navy, has not yet seen the twin boys of Mrs. Robins, who are now seven months old.

Christian Science Lesson Subject 'God'

"The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all." This citation from the Psalms is the Golden Text of the Sunday Lesson-Sermon on "God" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

This line from the Lord's Prayer as given by Matthew is included in the Lesson-Sermon, "Give us this day our daily bread." Jesus says in John's Gospel, "my Father giveth you the true bread from heaven. . . . Then said they unto him, Lord, evermore give us this bread. And Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst."

"Christ is the true idea voicing good, the divine message from God to men speaking to the human consciousness," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." Again she says, "Whatever inspires with wisdom, Truth, or Love—be it song, sermon, or Science—blesses the human family with crumbs of comfort from Christ's table, feeding the hungry and giving living waters to the thirsty."

One telephone won't win the war, that's true. But . . . .
that telephone you may be waiting for is serving as part of a gigantic communications network at the fighting front. There, communication is often the thread on which hangs success or failure—life or death. We think you'll agree, fighting men's needs come first.
That is why there is a shortage here, why many people are waiting for telephone service.
We appreciate the understanding of those who are waiting for service, and we will do everything possible to make the delay as short as possible.

ULD YOU VOTE FOR A WOMAN FOR PRESIDENT?

ne man in Ocean Beach be- es in the executive ability of fair sex enough to be willing ote for a woman for president, least that was what he told k Beckett, inquiring reporter local newspaper. The gentle- is Eric Wilson, transfer man, lives at 5032 Santa Monica, here is what he said: "Why Think how interesting it d be to have Mrs. President ess congres on an important ion. First she'd powder her smear on a little lip stick daintily tuck away a few stray . Then tilting her head side to side, she'd coyly re herself in a tiny purse r. When fully satisfied the paint job, she'd ma- ally arise and waddle over e speakers platform, swish- her hips on the way. By ime the Senate would be in good spirits, that no matter she said they'd accept it. ir, I think it would be lots n!"

l here ladies, is the opinion r own Burritt S. Mills (Oh! n, how could you!) who is ery essence of politeness allantry in the presence of ir sex. "No, I don't think ld vote for a woman pre- al candidate. All of our ats are men. A woman ent would be laboring un- rrific disadvantage. It is true a number of women uccessfully held down ma- olitical offices. Frances s, former Secretary of La- bor, for example, was very much disliked by some groups, yet she did an excellent job while in office. However, I would still prefer to vote for a man." (All right for you, captain, you sure had us fooled!)

Marc Strauss, the suave, ever tactful, perfect mannered, beau-brummel of Newport Ave., has this to say, "I don't think so. I don't question the point that women are fully capable of being president, but so important an office carries too much responsibility. Even strong men break down under it so why burden a woman with such a tremendous load."

State Calls Men To The Colors For Guard Duty

Los Angeles, July 3—A "Call to the Colors" to every available Southern California man between the ages of 18 and 64, has been issued by Colonel John C. French, commanding officer of all State Guard troops in Southern California. The call is effective until all State Guard units are brought to full strength, as ordered by Adjutant General Victor R. Hansen in a communication to all unit commanders of the Guard.

The reason given by General Hansen and Colonel French is the increasing possibility of war-time emergencies growing out of the Japanese bomb-bearing balloons which are landing on the West Coast.

In his communication to Group, Battalion, Company and Platoon commanders, Colonel French points out that the balloons thus far may be considered largely experimental in character, but that they may be developed into a drastic and serious danger to the peace and security of Southern California. "We should take every precautionary measure to be prepared for any emergency growing out of the presnt situation," Colonel French said.

Men between the ages of 18 and 64, who can pass a reasonable physical examination are needed to bring each "Home Town" unit of the State Guard to full authorized strength. Such men are urged to volunteer to their local State Guard unit for the period of the emergency. Two or three hours a week of special training is all of the time that is required. Additional training is available if desired. Under California law, Colonel French pointed out, no unit of the Guard can be called to duty, even in an emergency, beyond the confines of his home county.

Ocean Beach has such a fine bunch of women. Cookie Day came on July 4, but did they fail our hospitalized servicemen? They did not. We had beautiful cakes and cookies as usual. In two families there was sickness but the ladies phoned and let us know not to expect cookies.

If you read Sunday's San Diego daily paper you saw pictures of our boys who are trying so hard to get well, also you saw why I ask for fishing tackle and a large coffee pot. It gives those boys so much pleasure and costs us so little.

Please donate books to send to the boys in the South Pacific. Many of you belong to the book-of-the-month club. When you have finished reading your copy please pass it on to Red Cross so it can be sent to our fighting men overseas.

We also need more succulent plants. Do not send the roots just cut off the tops as they are placed in a ball of moss and grow new roots and your plants will also keep on growing.

How about sending in your old suit cases and bags to loan to our boys who are on furloughs?

We received a note of thanks from the "Waves" for potted plants we sent. They were very happy over them.

The ladies who have helped make altar cloths, will they please help make a few to go to battle fronts. They are all cut and ready to hem.

Please do all you can for these boys who are going to the South Pacific. They have a tough fight before them and need what comforts they can take with them. Call me at B-5639 or Miss Nye at F-8871.

VETERAN OF FIRST WORLD WAR GETS HIGHLY PRIZED LETTERS AND PICTURES

Lincoln Beamer of 4855 Voltaire St., of Nina's Cafe, last week was proudly exhibiting a highly prized group of pictures and a diary of the experiences of his company in Europe in World War I, in which Beamer became a sergeant. He was wounded twice. He fought with Co. D. of the 108th Engineers, 33rd Division, in 1917 and 1918, and was overseas for 18 months.

The gift came from Mrs. Ruth Lange McMichael of Ocean Beach, the widow of Pvt. L. S. McMichael, who was one of the casualties of the first World war. McMichael wrote the story of the war from a soldier's view point and took the 60 pictures included in the group, reports Mr. Beamer.

ARE WE LETTING DOWN?——

The wave of strikes which made 100,000 or more workers idle will not make pleasant news for our fighting men in the Pacific. Nor does it help the morale of the troops returning to America on their way to the Asiatic front.

Their resentment toward labor union rivalry and bickering between workers and employers which have hindered some of our most vital war production is easy to understand. They feel that since they are risking their lives the least that striking home front workers could do is to get back on the job and stay there regardless of their comparatively petty complaints about wages or working conditions.

It is only fair, of course, to point out that the number of man hours lost by strikes equals but a fraction of the total working time being put in throughout the Nation as a whole. But the fact remains that our fighting men feel—and rightly so—that they are entitled to the full support of both labor and management.

The sudden increase in labor disputes seems to indicate that too many persons believe that the war is jut about over and that now is he time to begin jockeying for advantage in one respect or another.

Such tactics are not likely to cause us to lose the war, but they could easily help to prolong it and add to the toll of our dead and wounded .

We know that the men at the front will not let us down. They have the right to expect the same treatment from us.

★

INDUSTRY MOVING WESTWARD—

America's industrial compass is pointing steadily in one direction—westward!

No less an authority on economic "navigation" than William J. Baxter, head of the International Economic Research Bureau, has, in effect, made this declaration. He predicts that the Nation's industrial center is destined to shift from Chicago to the Pacific coast.

In support of his forecast he cites the tremendous increase in America's Asiatic trade during the past four decades as compared to the moderate rise in our commerce with Europe during the same period.

Undoubtedly our Pacific trade in the years ahead will play an important part in drawing the country's industry westward. But this will be but one factor among several which we think will contribute to the eventual industrial dominance of the West.

The great population increase in recent years has expanded the purchasing power of the Pacific coast area, especially California, and is causing many manufacturers to set up production plants out here so as to be close to the Western market. The ample supply of electric power will encourage increased industrial activity as will the abundant financial resources which statewide branch banking has made available for business in large and unhampered year-round production and transportation should not be minimized.

These and other advantages enjoyed by the West should make Mr. Baxter's prediction a reality before many years have passed.

It is rumored that an Ocean Beach businessman called a dentist the other day and asked for an appointment. "Sorry I can't give you an appointment, I have 18 cavities to fill this afternoon," said the dentist. Then he put the receiver back on the hook, grabbed his golf bag and left the office.

A young girl at a university recently wrote her mother, air mail special delivery, as follows:

"Please send me money for a new dress immediately. Have had several dates with Jimmy and have worn each of my dresses once. We have a date tomorrow night and I must have another dress right away. If you don't send the money, send a new dress.

Thanks, Ruth."

Her mother answered:

"Dear Ruth: Get yourself a new boy friend and start over again.

Hammer Bandit Robs Woman of $85

Betty Glassford of 2209 Clove St., had the hard luck Sunday night to be robbed of her purse and $85. According to report she made to police, a masked man armed with a hammer traveling with another man in a long, black sedan, held her up as she got off a bus at the Zola St. intersection on Chatsworth Blvd.

"Don't scream, all we want is your purse," the man with the hammer declared, as he alighted from the car. On getting the valuables, he got back into the car and drove away, she told the police.

Mrs. Johnston Also Robbed

Mrs. Harry Johnston of 4504 Cape May Ave. also was robbed Friday last when someone on an Ocean Beach bus picked up her purse and took from it $35 in cash, a $25 war bond and a $184 check, according to report she made to the local police.

Property Tax For Year, $15,299,595 In This County

Property tax levies in San Diego county for 1944-45 totalled $15,299,595, compared with the $13,894,506 levy for 1943-44, California Taxpayers association said today, making public its analysis of local tax levies.

The levy in the county for county purposes totalled $5,265,441 for 1944-45, compared with $5,033,558 for 1943-44. General city property tax levies totalled $4,768,258 for 1944-45, compared with $4,063,591 for the year before. Tax levies for the school districts in the county totalled $5,202,955 for 1944-45, compared with $4,754,953 for the preceding year. Special district tax levies amounted to $62,941 for 1944-45, compared with $42,404 for 1943-44.

Over the state as a whole, property taxes levied for 1944-45 totalled $337,865,547, an increase of $24,390,402 or 8 percent above the $313,475,145 levied for 1943-44.

"The property tax levy for 1945-46 is being determined right now by city councils, county boards of supervisors, and school boards throughout the state," the Taxpayers' association said. "The size of a local government budget sets the amount of the property tax levy. Preliminary local budget proposals for 1945-46 in many communities are considerably higher than they were for 1944-45. Unless they are revised downward, a considerably higher local property tax levy for 1945-46 threatens."

San Diego county's expenditures for general county government for 1943-44 averaged $24.96 for each person in the county, compared with average expenditure of $23.98 per person for 1942-43 and $17.85 per person for 1934-35, ten years earlier, the California Taxpayers' association's report shows.

Expenditures of the county for 1943-44 were as follows: general government, $3.37 per capita; protection to persons and property, $1.76; health and sanitation, 38 cents; highways and bridges, $1.69; charities and corrections, $15.74; debt payments, $1.18 and recreation, education, and miscellaneous, 84 cents per capita.

Over the state as a whole, county expenditures for 1943-44 averaged $26.70 per capita, compared with $25.33 for 1942-43, and $19.03 for 1934-35, the association found.

Mothers accompanying their children were Mrs. Curtis Shepard, Mrs. William Ford, Mrs. Robert Morgan and Mrs. Gilbert Harris. Mr. Aldridge besides being one of our law enforcement officers is a musician of note. At the party he recorded each child's voice on a large record and entertained the guests. Each child was given a sack of marbles, the delight of every boy, as they left for home.

AMICK FAMILY WILL LEAVE OCEAN BEACH

We hear with regret that Mr. and Mrs. Fred Amick and three children will leave July 23 to make their home in Tacoma, Wash. Mr. Amick is the minister here for the Church of Christ and he and his friendly wife have worked hard to make the church and all their Visitation Groups a successful undertaking. They have made their home for the past year at 2252 Bolinas St., and the year previously had resided in San Diego. During the month of August they will be on vacation and will visit the homes of both their parents in Fruitland, Idaho. From there they will proceed to Tacoma where Mr. Amick will resume his ministerial duties.

Mr. and Mrs. H. H. Aldridge and son Stephen of 4786 Long Branch Ave. spent the weekend visiting friends in Santa Monica.

Mrs. G. E. Plander of Los Angeles spent two days last week visiting her brother-in-law and sister, Mr. and Mrs. E. D. Williams, 2319 Seaside St. The main purpose of her visit was to be with her son, Edmund Plander, MM2/c who was here on leave before reporting to the redistribution center at Camp Elliott. He recently returned from three years overseas and was on duty on board the ship that took our late president on his last big meeting at sea.

The following citation for meritorious service was recently received by Lieut. (jg) Edwin E. Bramhall, (SC) USN of 3735 Udal St. when he was presented with the Bronze Star: "For meritorious conduct in the performance of outstanding service as assistant to the supply officer at the Naval Supply Depot, Espiritu Santo from March 1943 to January 1944. As stock control officer and issue officer, Lieut. Bramhall displayed outstanding ability and expert knowledge of requirement in the area, and through his skilful planning, foresight and initiative was directly instrumental in maintaining stock levels providing for an uninterupted flow of enormous quantities of vital stores to the ships of the Third fleet and to other bases during these critical months of the war effort. Lieut. Bramhall's outstanding performance reflects great credit upon himself and the United States Naval service."

Meta W. Bruce, 3804 Bernice Dr. came home Saturday from a trip to Pasadena where she was with the Pasadena Playhouse. At the close of the rehearsal Saturday evening for the forthcoming minstrel show, at Wallace Hall, the members of the cast presented her with a lighted birthday cake and coffee and soft drinks were served. She returned to Pasadena to take part in the Playhouse's one-act play "Li Wu," July 12, 13 and 14.

Mr. and Mrs. Seth Parsons, 4671 Voltaire St., spent a week's vacation in Los Angeles. Mr. Parsons is the local salesman of a nationally known cracker company.

Dan Bruce of Charlotte, N. C., is visiting his brother, A. G. Bruce of 4930 W. Point Loma Blvd., being his first visit to California and also his first visit with his brother in 40 years. He has six other brothers, in almost as many states and he will visit them all before returning home. He i enthused over Caifornia and thinks Ocean Beach a delightful spot in which to live. In about 10 days he will leave here for Seattle, Wash., to visit another brother.

At the end of his leave he will report aboard another type vessel. Peter, also of the Navy, is on a baby flat top that has recently returned from Honolulu. Although unable to be home at this time he telephoned that all was well. He was home in May.

Point Loma Chapter O. E. S. will hold a short form meeting on Monday evening at 7 p. m. in the Masonic Hall on Newport Ave. The meeting is being held early so that the chapter members and officers can later attend the Southwest chapter meeting in National City where the birthday of Isabella H. The fifth natal day of Jimmy Bramhall, son of Lt. (jg) and Mrs. Bramhall, 3735 Udal St., was observed Wednesday afternoon at Mother Goose school where to the traditional march and songs before a large birthday cake were highlights of the occasion. Twenty-four of his schoolmates were present to each receive a candy bar as a favor and share his important day. Pink and green were used effectively in the decorations.
